BEAUTECH[®]

For Spas

Easiest and most effective way to keep water and surfaces for your spa & hot tub consistently clean

Spatec[®] Spa Water Treatment

Spatec[®] makes it very easy for you to keep your spa water consistently treated, clean and ready to enjoy at all times. Spatec[®] promotes a more natural and relaxing spa water experience that is gentle and soft on your skin and eyes. EPA registered, Spatec[®] also prevents algae growths and keeps spa water consistently crystal clear. Spatec[®] is synergistic with all types of spa sanitizers and enhances spa water cleanliness. Bathers can use spa immediately after treatment. Small weekly dosage produces amazing results. Product sku #80602

Beautec[®] Spa Surface Treatment

Beautec[®] cleans and protects all spa surfaces from calcium buildup, all unsightly scales, metal stains and oily scum build-up. Beautec[®] continuously cleans and purges spa plumbing and prevents biofilms (bio-organics). Beautec's[®] multi-polymers continuously clean spa heater and filter unit and remove existing buildup. Beautec is gentle on your skin, eyes and swimwear. Monthly dosages keep your spa clean and looking like new. Product sku #80603
