

## Dear Pool Owner,

Your swimming pool interior finish was protected with a product called Startup-Tec.<sup>®</sup> This special surface coating treatment strongly protects and preserves your new interior finish against the damaging effects of undesirable minerals, white calcium surface films, waterline scaling, staining and discoloration.

### Startup-Tec<sup>®</sup> benefits your new interior finish several ways:

1. Improves color consistency of new pool's interior finish especially for exposed quartz, colored, and pebble type finishes.
2. Prevents the formation of unsightly calcium plaster dust.
3. Protects your pool's interior finish from discoloration (mottling).
4. Makes surface brushing by pool owner easier and less tedious.
5. Allows you to enjoy your new or remodeled pool within 2 to 3 days.

**To maintain the beauty and appearance of your pool's interior finish during its lifetime, use Beautec<sup>®</sup> Scale and Stain Controller.**

- Multi-scale (calcium and hard silicates) and metal stain preventative.
- Prevents color fading and mineral damage on surfaces.
- Prevents white calcium waterline buildup on tile, pool shell and equipment.
- Cleans, maintains and optimizes salt cell generator systems.
- One bottle provides continuous protection for 6 months per 20,000 gallons.
