EASY CARE™ Since 1978 USA

Scaletec Plus® Calcium and Stain Remover

Quickly Restore Pool Surfaces and Tile

Descales pool surfaces, tile, salt cells and all equipment, without damage.

DESCALING w/o ACID

Pourable cleaner restores pool finish and tile in 1 to 2 weeks, and reduces surface acid etching.

AFFORDABLE ALTERNATIVE

More effect than acid washing, restores entire pool, not just the pool interior finish.

STAIN REMOVER

Removes surface stains of iron, copper and manganese, with little to no scrubbing.

MILLIONS SOLD Since 1991

THE ONLY NON-ACID, CALCIUM SCALE AND STAIN REMOVER

SCALETEC® PLUS Surface Scale & Stain Remover

Powerful 2-in1 Cleaner: Dissolves White Calcium Buildup - Metal Stains

Easy, Just Pour Into Your Pool.

Advanced Scaletec Plus® - is a revolutionary way to remove calcium buildup and stains on all types of pools surfaces, tile, plumbing, salt cells and equipment without using acids, and cleans areas that acids do not reach.

- **Strong mineral-calcium-lime scale, metal stain and Scum/oil removal.**
- **Unlike acid washing, Scaletec Plus works throughout the circulation system to clean walls, floor, steps and water line buildup together.**
- **Cleans areas that acid does not reach.**

Safe to Swim Same Day!

Unlike potential damaging acid washing of your pool, or stain remover products. Scaletec Plus goes to work immediately and allows swimmers to use pool without down time.

- **Easy-to-use, just pour in treatment that works over days while pool remains open.**
- **Do-it-yourself cleanup requires no special equipment or knowledge.**
- **Pool stays open and enjoyable throughout the cleanup period.**

Restores Entire Pool Quickly.

Enviro-safe Synertec technology rejuvenates the beauty of your entire pool in just one to two weeks. Highly effective as a winter closing treatment to descale and restore pool during the non-swimming season.

- **Eliminates the costly need to drain, refill pool and balance water.**
- **Use Scaletec Plus anytime during the year.**
- **May also be used as a pretreatment to an acid-wash to improve overall results with less surface damage**

HOW IT WORKS:

Scaletec Plus'® unique Synertec® formula involves 3 powerful components that remove both new and old white calcium and mixed composition scales and metal stains. This process involves a combination of super-sequestration, crystal modification - absorption, and threshold inhibition. Scales and stains are both released from surfaces and redissolved into pool water which are filtered away or kept in suspension.
